## THE STORY OF CURRY SOULS

Our story began when a Sri Lankan backpacker traveling through Europe decided to bring his love of Sri Lankan Street Food to Europe! Barely raising enough investment and going against all odds, he quit his career back home and brought a new flavour to the region. The first restaurant in Europe opened its doors in Zagreb, Croatia in 2016. The Balkans loved it!!

The unique concept where the best of authentic South-Asian Street Food from Sri Lanka is served in a modern, hip & funky restaurant ambiance caught the attention of both locals and travelers.

Watching the restaurant's popularity grow day by day, the founder decided to turn the concept into a curry house franchise chain. Curry Souls was born!

The first flagship Curry Souls Franchise outlet was launched in the buzzing city center of Belgrade, Serbia in the summer of 2023 and been growing since. Follow this story as it spreads its flavours across Europe and beyond.

Where flavour meets the heart ♥
